

Glance at Market of Oral Care and Dental Hygiene

Nicola Scotti

Dept. of Cariology and Operative Dentistry - Dept. of Endodontics, University of Turin, Italy

World's Dentists market research report can be used to help you: understand market size and growth potential; major companies; draft business plans and pitch books; and conduct benchmarking and SWOT analysis. Dentists perform a range of services that typically fall under general or specialty dentistry. Accounting for about 84.0% of dentists in the industry, general dentists provide services, such as preventive care, diagnosis and treatment planning, and procedures, such as fillings, dentures and extractions. Specialty dentistry, which includes Endodontics, oral surgery, orthodontics, periodontics, prosthodontics and pediatric dentistry, makes up an estimated 16.0% of practicing dentists.
